PROFESSIONAL STATEMENT

Experienced Full Stack Developer with multiple successful projects using Ruby, Rails, HTML, CSS, Javascript, Wordpress, and SquareSpace. Top clients including Civica Software, Innovative Bottles, and ICBII. My goal is to be a contributing member on a team of developers to collaborate and learn together while delivering outstanding results. Currently seeking a Jr Rails Developer position with opportunity to grow.

EXPERIENCE

2013 - Present — **Design X Develop**
Developer and Founder
Freelance web design and development work. Ranging from custom websites to web mastering work and CMS based sites.

2013 - Present — **Griffo**
Contracted Developer (Consultant)
Focused on Front End and Wordpress based websites for clients ranging from corporations to local small businesses and non-profits.

2013 - 2014 — **Best Buy**
Home Theater Sales Consultant
Hired as seasonal, and was quickly offered a regular position within two months. Responsible for designing and selling home theater systems.

2011 - 2013 — **Albertsons**
Courtesy Clerk and Cashier
Initially hired as a courtesy clerk, and after two months management noticed my "incredible work ethic" and asked me to train as a checker.
